

Great White vs. Mako

Spot the Difference

Great white sharks and mako sharks look alike. There are small differences between the two. Can you tell which pictures below are of a great white shark and which are a mako shark?

DIFFERENCES:

Great White Sharks	Mako Sharks
<ul style="list-style-type: none"> • Black on the edge under the fins • Shorter nose • Straighter and wider triangle teeth 	<ul style="list-style-type: none"> • Bottom of fins are all white • Longer nose • Thinner teeth that go in all directions
